DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 33-37 and 42-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Gordon et al U.S Pat. No. 5,458,609.

Gordon discloses a device for positioning a filament in a body lumen having lumen walls, said device comprising: a catheter which can be introduced into the body lumen through a first access penetration in the lumen wall (2); and means advancable from the catheter for creating a second access penetration in the lumen wall and providing a filament path between said first and second access penetrations (10); as to claim 34, (figs. 1A-1H); as to claim 35, (10); as to claim 36, (6 and 10); as to claim 37, (6) and as to claim 42-44, (see above rejection).

Claims 33-38 and 42-45 are rejected under 35 U.S.C. 102(b) as being anticipated by Voda U.S Pat. No. 5,462,561.

Voda discloses a device for positioning a filament in a body lumen having lumen walls, said device comprising: a catheter which can be introduced into the body lumen through a first access penetration in the lumen wall (28); and means advancable from the catheter for creating a second access penetration in the lumen wall and providing a filament path between said first and second access penetrations (figs. 8-11 and 19-28);

as to claim 34; (figs. 3, 8-11 and 19-28); as to claims 35-37, (figs. 8-13 and 19-28); as to claim 38, (46) and as to claims 42-45, (see above rejection).

Response to Arguments

Applicant's arguments with respect to claims 33-38 and 42-45 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
